Example for ordering Tumbling Dice WW I figure packs:

The Tumbling Dice WW I line has a rather unique organization for its figure packs. Instead of the "obvious", a list of each individual type of pack, there are so many possible variants that just the variants are listed, and you specify a pack by listing all the variants that apply. Yes, we know it's a little confusing - we just hope this will make things a little clearer!

To order a pack, indicate the following information:

1: Indicate the basic Pack Type from the section at beginning of this list (whether Infantry, LMG, MMG, Mortar Team, etc.)

2: Indicate the Nationality Range the pack is in (such as British Troops in Trousers, British in Shorts, French, Germans, etc.)

3: Indicate the Variant that is desired, from the list in the Nationality Range (this is generally a head type - steel helmets, service caps, pith helmets, slouch hats, etc., etc. For artillery guns it is the specific type of gun, for horse packs a type of horse.)

Note that if a specific type of pack is not available for a particular Nationality Range, this will be noted in that range.

Some examples of specific packs:

(Nationality Range- Pack Type - Variant)

British in Trousers - Infantry - Service Caps
German - Cavalry Riders - Hussar Busby
